

Dear Residents:

After years of meetings and design, the Donohue Drain Project is scheduled to commence Tuesday, December 1st. The selected contractor will be mobilizing on Monday, November 30th with construction to begin on Tuesday, December 1st. The project will start with the installation of the new Lake outlet at the west end of the lake crossing under Walnut Lake Road. The road will be closed for two weeks. Attached is a construction schedule and a road closure schedule. We have been assured that proper detours and signage will be provided. All schedules are subject to change based on weather conditions.

John Aitken from the Oakland County Water Resource Commission has been assigned as the inspector and the Project Manager is Karen Warren (phone 248-858-0598). John Roda and Marshall Labadie will be inspecting on behalf of the Township pursuant to the Wetland Review Board permit conditions and as needed.
