

ANNOUNCEMENT: June 16, 2008

Pond and Lake Management Workshop

Saturday June 28, 2008

9:00am-4:00pm

Registration: 9:00-9:30am

MSU Education Tollgate Center, Conference Center

Registration: \$45 per person, includes refreshments, lunch, and educational materials

Spaces are limited and pre-registration is required before June 25, 2008.

MSU Extension Oakland County is offering a workshop on proper maintenance of ponds and lakes. Individuals can play a significant role in maintaining lakes and ponds in ways that not only allow enjoyment of water resources but help protect water quality and support wildlife.

In this workshop, participants will learn how lakes and ponds work, shoreline landscaping considerations to protect water quality, to identify and manage common aquatic plants and algae, and to deal with common problems related to aquatic systems.

Presenters include Don Garling, Professor, Michigan State University Fisheries and Wildlife; Roy Prentice, Farm Manager, MSU Tollgate Education Center; Doug Pullman, Aquest Corp.; Howard Wandell, MSU Fisheries and Wildlife (Retired); and Bindu Bhakta, MSU Extension Oakland County.
